| • Data Integrity | • Data Governance | • Generative AI | • Requirement Gathering |
| • Data Visualization | • Data Manipulation | • Data Mining | • Business Impact Analysis |

Experience

Deloitte - Data Integrity & Reporting Analyst

June 2024 – Present

- Manage and enhance client data across multiple CRM tools, ensuring up-to-date and accurate information.
- Perform lead verification by researching on LinkedIn and other sources to identify and correct data inconsistencies.
- Oversee data accuracy and consistency within Deloitte's databases through ongoing validation, audits, and updates, leveraging strong analytical skills and attention to detail.

AtliQ Technologies - Data Analyst Intern

Mar 2024 – Mar 2024

- Performed **data variance analysis** and debugged SQL queries to ensure 100% accuracy on data extraction from MySQL workbench.
- Applied advanced data cleaning and **data normalization techniques** to maintain data integrity and optimize data retrieval processes.
- Conducted ad-hoc analysis and designed customizable dashboards using Power BI.

Projects

Festive Campaign Analysis | *SQL, Power BI, PowerPoint* | [Live Dashboard](#)

Feb 2024

- During Diwali and Sankranti campaigns across 50+ Southern Indian retail stores, Utilized **SQL** to analyze transactional data and identify purchase trends. Built an **interactive Power BI dashboard** for enhanced data visualization. This analysis led to the discovery of a 110% average increase in revenue during both campaigns, informing future strategies.

Business Insights 360 | *Excel, Power BI, Dax, Power Query, SQL* | [Live Dashboard](#)

Jan 2024

- Modernized Atliq's reporting by replacing Excel with a Power BI dashboard, integrating data from Excel/CSV and SQL. Created a data model and visualizations across 5 departments, optimizing with DAX Studio for a **5% performance boost**. This empowered Atliq to make data-driven decisions, projecting a 10% revenue increase and 20% expense reduction.

AtliQ Finance Reports | *Excel, PivotTable, Dax* | [GitHub Repository](#)

Dec 2023

- Created a 4-year P&L Report for Atliq Hardware in Excel, using Pivot Tables and DAX to analyze revenue. Automated data cleaning with Power Query, saving 4 hours, and implemented DAX measures for enhanced user experience, reducing data processing time by 50%. This enabled real-time insights for data-driven decision-making.

Technical Skills

Analytical Tools: Excel, Power BI, Power Query, Tableau

Languages: Python, SQL

Technologies/Frameworks: GitHub, WordPress, Pandas, NumPy

Education

Vellore Institute of Technology

Aug 2020 – May 2023

Bachelor of Science – CGPA: 8.45

Vellore, Tamil Nadu

Extracurricular / Certifications

- Accenture North America: Data Analytics And Visualization–[View Credentials](#)
